Practice Dr. med. univ. Stefan Rohrer

Services and Conditions – Overview (Status: 03/2026)

Medical Consultation Appointments

Standard appointments: **CHF 380 per hour** (conversion into Euros possible). Initial consultation and comprehensive medical history: 60–90 minutes. Follow-up consultation (review of findings): approx. 60–90 minutes, around 4 weeks after blood sampling. Mandatory pre-treatment consultation for certain therapies: 15 minutes.
Further consultations are scheduled depending on the individual course of treatment.

Priority Initial Consultation

These appointments are very limited and usually allow scheduling within **1–3 weeks**. Due to the short-notice scheduling and increased organizational effort, the initial consultation is more costly than standard appointments. Further information: https://imstro.com/en/information/appointments/

Laboratory Diagnostics

Estimated laboratory costs after the initial consultation are typically around **€2,000–€2,500**.
We perform detailed, root-cause-oriented laboratory diagnostics, particularly for complex and chronic conditions.

In-Practice Measurements/Tests

Oligoscan (minerals and heavy metals): approx. **€110 / CHF 110**
Heart rate variability analysis including breathing maneuver testing: approx. **€110 / CHF 110**
MEA toxic metals in urine (see heavy metal detoxification)
